Brand Guideline

01

LOGO MARK

In vertical applications, allow more spacing above and below compared to the sides.

In horizontal applications, align the logo to emphasize its vertical rectangular form.

LOGO VARIATIONS

Maintain a visual language built on tilted, rounded, floating forms combined with angular compositions.

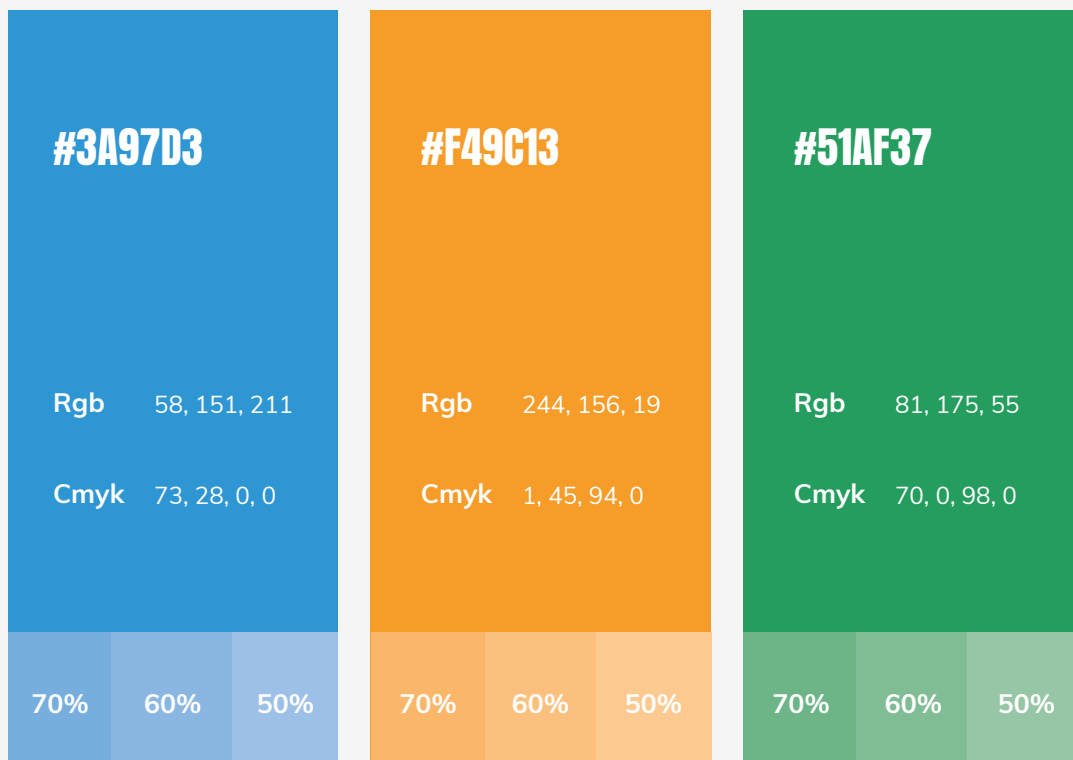

Leave sufficient clear space around the logo when used on any background.

COLOR PALETTE

02

COLOR USAGE BRAND GUIDELINE

On dark backgrounds, use dark grey tones instead of pure black.
Recognize that Ecoblend is the parent brand, and each layer represents a different project.

COLOR USAGE BRAND GUIDELINE

Use solid, clean, and large areas of color in print or digital design to create strong contrast against both light and dark backgrounds.
